

EUROFOAM SPORT TEAM

2011

ANNUAL REPORT - CYCLING

EUROFOAM SPORT TEAM is free multisport community powered by the international company Eurofoam. Eurofoam Sport Team participates in sports events in many disciplines: **CYCLING** (road & MTB), **RUNNING** (from mountain to marathon), **PARAGLIDING**, **WHITE WATER KAYAKING**. Some of the further top events are participation in championships like Dolomitenmann or Adrenalincup.

Euro Cycling Team (ECT) is association registered by H.O. under the company registration number: 228 49467. It is a union of first licensed racers of cycling by The Czech Cycling Association from **Eurofoam Sport Team for participation in UEC and UCI competitions**. The name was created spontaneously in 2010 during the preparation stage with regard to trademark Eurofoam, when at the time of establishment the full legal approval to endorse the title Eurofoam was not clear.

ECT opened its activity in November 2010 by a setting meeting to appoint the association council. Based on votes, **Radmila Bartizalová** (MA / MSc) was named the chairwoman, and **Pavel Bartoň and Jiří Bartizal Jr.** as members of council.

As the primary goal, the council has determined to support its own members – amateurs in cycling competitions organized by UEC, UCI and other contests, with the focus on organization activities, the variety of cycling practices, arrangements of training plans, seats adjustments (BG FIT). Other important areas are biochemistry, physiology, anthropometrics, psychology and biomechanics in cooperation with CASRI in Prague www.casri.cz .

ECT associates altogether 10 racers (see annex), two Master racers, two Elite racers (to 23 years), one of Expert category, two women of Elite and Expert, two Younger juniors and one Younger girl junior, who is at the same time a member of **SCM DUKLA**.

THE SEASON EVENTS:

In the preparation stage (the end of 2010), seats adjustments for 2 racers were realized according to FOG method and diagnostics procedure by CASRI institute.

March 8th 2011 - volume training on the road bikes was launched. **The first group was practising in Catalonia** for 14 days whereas the **second group spent a week in Croatia**. The one-week-rate reached on average 750 km per racer and 14-day- rate was 1100km per racer.

Special emphasis was placed on attendance of our cyclists in The Czech Republic Cup of XC MTB, The Czech Republic Cup of Road Cycling, national championships and other races, cups and The Great Cups including races like **DOLOMITENMANN and ADRENALINCUP**.

The greatest achievements of cyclists of EUROFOAM SPORT TEAM in year 2011:

- | | |
|------------------------------|---|
| 1. Pavel Bartoň | - 2nd place in the national championship of XC MTB |
| 2. Denisa Bartizalová | - 2nd place in the national championship of XC MTB |
| | - 2nd place in the national championship of couple time trial (road) |

-3rd place in the national championship of individual road race

ECT ACTIVITIES FINANCING:

It was realized by self-financing of ECT members, member grants, Eurofoam www.eurofoam-tp.cz, contracts of teamwork Sitel Ltd., Prague and Tesla JSC, Prague

PLANS FOR ANOTHER STAGE:

- to continue supporting the members of association (racers) in consideration of reaching the goals of council ECT similarly like in year 2011.
- pay particular attention to promising young racer Denisa Bartizalová to build optimal condition and reach the results necessary for joining The Junior Representation of the Czech Republic of XCO MTB, ROAD and TRACK cycling disciplines in year 2013.
